

Dear Parents and Friends,

I am happy to share that we have had a fantastic start to this term, no doubt it will be a very active and intense term as we are doing a range of internal and external assessments.

On the 19th of April 2017, the Council of British International Schools (COBIS) promoted James Hope College to member status which is a prestigious award for our school community and recognition of what we have accomplished and still aspire to achieve. Here is a copy of the mail sent to us from Mr Colin Bell, the CEO of COBIS:

Dear Abraham,
Congratulations to you and your school community on attaining COBIS Member School status. All connected to the COBIS family of schools are proud to have you as members. Please don't hesitate to contact myself and my team if we can offer any specific support.

Kind regards,
Colin
