

February 16, 2019

Dear Parents and Friends,

The Independent National Electoral Commission (INEC) has rescheduled the Presidential and the National Assembly Elections to Saturday, 23rd February 2019 while that of the Governorship, State House of Assembly and Federal Capital Territory Elections will hold on Saturday, 9th March 2019. Therefore, the Board of Governors of James Hope College has granted an extension of the resumption date of all students to **Monday, 11th March 2019**.

We would like to use this medium to inform our parents and friends that **the Inter-house Athletic day has also been postponed** and a new date will be announced when we have a clearer picture after 11th March 2019.

We are aware that our Year 12 students are preparing for the West African Senior Secondary Certificate Examinations (WASSCE) at the moment. Therefore, all teaching staff have been asked to send additional reading and study materials to them in order to cover for the extended time they will spend at home. We implore parents/guardians to assist in ensuring that these students sit down to complete the tasks set for them by their teachers.

We wish to thank our parents for their understanding at all times and if we have further information or changes to any of the above, it will be shared as soon as possible.

Yours truly,

Clement Ikuyinminu
Vice-Principal (Academic Affairs)
